

WE ARE IN SEARCH OF GREAT MINDS THAT THINK NOTHING ALIKE.

2023 Technology Analyst Program – Budapest

The Technology Analyst Program aims to provide a series of technical trainings to give you an insight how technology supports the investment banking business. During the program you will be involved not just in various technical trainings but also real-life projects with talented people from all over the world.

We offer:

- Technical and soft skill trainings and practice-based unique courses (Java, C++, C#, Scala, Python, Linux/Unix, Windows etc.)
- Networking and learning opportunities across Morgan Stanley
- A good compensation package and one-time payment of relocation allowance
- Full-time offer upon successful completion of the program and long-term career opportunities supported by a mobility program

You will:

- Have the opportunity to choose among the following working areas, focusing on the following aspects:
 - **Development Track:**
Learn a lot about application development and its various technologies like Java, C#, C++ etc. through practice-based courses, lab projects and teamwork
 - **Infrastructure Track:**
Learn something new every day about networking, operating systems, databases etc. through interesting projects and lab classes
 - **Business and Data Analytics Track:**
Learn about data science and data analysis through interesting projects and lab classes

You have:

- Maximum 1 year of relevant work experience, or you have a Bachelor or higher degree in Computer Science, Computer Engineering, Physics, or a related field
- Solid level of English (both written and spoken), and good problem-solving skills
- For Development / Business and Data Analytics Track: you are familiar with at least one OO language such as Java, Python, C++, or C#
- For Infrastructure Track: you have a proficient user level knowledge in operating systems (Window/s/Unix) or networking

Application process:

If you are interested in the above opportunity, please [apply here](#) by submitting your English CV.

Although application deadlines are in place, you are advised to apply early as we recruit on an ongoing basis.

About us:

Morgan Stanley is a global financial services firm and a market leader in investment banking, securities, investment management and wealth management services.

At Morgan Stanley Budapest, we are shaping the future of our global business and contributing to our local community. Our team works across numerous areas, including Technology, Mathematical Modeling, Finance, Risk Management, Operations and Data & Analytics from our new state-of-the-art offices near the Danube and our City Gate office in the heart of the city center.

Interested in flexible working opportunities? Morgan Stanley empowers employees to have greater freedom of choice through flexible working arrangements. Speak to our recruitment team to find out more.

Morgan Stanley is an equal opportunities employer. We work to provide a supportive and inclusive environment where all individuals can maximize their full potential. Our skilled and creative workforce is comprised of individuals drawn from a broad cross section of the global communities in which we operate and who reflect a variety of backgrounds, talents, perspectives, and experiences. Our strong commitment to a culture of inclusion is evident through our constant focus on recruiting, developing, and advancing individuals based on their skills and talents.
